

ACMG10-A – 10.1” Room Booking Display Panel

Product Information Data Sheet

The new Concierge 10.1” Display provides a snapshot of the room activity for the day with NFC/RFID and touch.

It uses a simple green and red display to instantly notify whether the room is available or in use. There are side LEDs so the room availability can be seen from down the hallway.

General Features

- Hardened glass touch-screen
- Built-in NFC & RFID function for ID authentication and attendance tracking
- 10” HD resolution (1280 x 800)
- Side LED indicators
- Wi-Fi or Ethernet connectivity
- VESA compatible mounting options
