

ACMG10 – 10.1” Room Booking Display Panel

Product Information Data Sheet

The Concierge 10.1” Display provides a snapshot of the room activity for the day.

It uses a simple green and red display to instantly notify whether the room is available or in use. There are side LEDs so the room availability can be seen from down the hallway.

General Features

- Hardened glass touch-screen
- 10” HD resolution (1280 x 800)
- Side LED indicators
- Wi-Fi or Ethernet connectivity
- VESA compatible mounting options
